

Bakery Pan Wash

Heavy Duty Pan Cleaner

Food Service

Description

This product is a highly concentrated heavy-duty liquid detergent with high strength alkalis for use in mechanical pot and pan washers. Its non-foaming properties make maximum wash pressure possible for superior cleaning results. Safe for use on aluminum, pewter and other soft metals and tough enough to remove food soils and staining from glass, china, plastic ware, utensils, flatware, etc. It is excellent for use in high or low temperature machine.

Directions for Use

An automatic dispensing unit should dispense approximately ¼ ounce of concentrate for each gallon capacity of wash water. Titrate wash water alkalinity to verify proper chemical dosage. Wash tank temperature should be maintained at 150 degrees and rinse cycle maintained at 180 F degrees.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- Strong Alkalis allow for maximum cleaning power
- Low foaming formula for maximum wash pressure
- Safe on most metals including aluminum
- Highly concentrated

Specifications

| | |
|-------------------|--------------|
| Appearance: | Clear Liquid |
| Odor: | Low |
| Specific gravity: | 1.08 |
| PH: | 12 – 12.5 |
| Biodegradable: | Yes |
| Detergency: | Good |

Dilution

Ready to dispense at approximately 1/4 ounce per gallon capacity of wash water. Titrate wash water alkalinity to verify proper chemical dosage.

Available Sizes

- Pail / 5 gallon : Item # 21205
- Drum / 55 gallon : Item # 21206
