

Foaming Hi-Alk

Super Concentrated Foaming Alkaline Cleaner

Food Service

Description

Foaming Hi-Alk is a Super Concentrated “self-foaming” heavy-duty alkaline cleaner and degreaser. Effective on the most stubborn soils found in food plants. This product handles grease and grime quickly while assuring the removal of buildup not otherwise cleaned by normal cleaning procedures. It is very effective in removal of fats, grease, carbonized soils and proteins. This product provides excellent soil removal in meat plants, bakeries, poultry and other food industries. Foaming Hi-Alk is excellent for CIP cleaning procedures. This product works effectively on quarry tile, ceramic tile, masonry, stainless steel, plastics and many other hard surfaces found in commercial, institutional and industrial buildings. It can be applied through a foaming device to provide additional “hang time” on vertical surfaces when appropriate. Clinging foam allows longer contact time on vertical surfaces for more efficient grease cutting.

Directions for Use

Use this product in foam dispensing equipment, pressure washing and soak tank applications in concentrations from 1:120 to 1:240 (one part product to 120-240 parts water)

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- Quickly removes fats, oils, proteins, food particles and greasy soils.
- Effective in meat rooms, restaurants, institutional kitchens and food processing plants.
- USDA authorized for use in federally inspected meat, poultry and egg plants.
- Highly concentrated for economy.

Specifications

Appearance:	Light Brown Liquid
Odor:	Caustic
Specific gravity:	1.21
PH:	14+
Biodegradable:	Yes
Detergency:	Excellent
USDA Approved:	Yes

Dilution

Light Soil.....	1:240 (½ ounces / Gallon)
Heavy Soil.....	1:120 (1 ounces / Gallon)

Available Sizes

- Case / 4x1 gallon : Item # 929104
- Pail / 5 gallon : Item # 929105
- Drum / 55 gallon : Item # 929105
- Tote / 330 gallon : Item # 929115
