Non-Ammoniated Wax and Finish Stripper

## Hard Floor Care

### Description

This product is a heavy duty non-ammoniated, alkaline based, wax and finish remover. The unique chemical ingredients penetrate, dissolve, and lift the wax to the surface to be picked up easily. At 4 to 1 dilution, this product will strip most finishes with ease and allow for easy removal. This product also is an excellent heavy duty cleaner. It's great for cutting wax build-up, grease, oil and dirt.

### Directions for Use

When cleaning heavy wax or finish from floors, use this product at 1 part stripper to 1 part water. For lighter jobs, this product may be diluted up to a 1 part stripper to 8 parts water. Make sure entire area is covered by water to ensure complete contact with solution. After allowing product to soak for about 10 minutes floor may be mopped or scrubbed to remove finish and stripper, it is not always necessary to rinse after using but for best results with all products, rinsing is recommended prior to applying finish or floor sealers.

### Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.
